

## CCA Choral Summer School 2025 Participants

We have tried to allocate divisi in accordance with your registration details, but in some cases have had to reallocate. In most of the music, the divisions make little difference to the range; for instance, in the Palestrina Stabat mater, the two choirs sing in the same ranges. NB in the Lassus Fremuit (Compline booklet) we have swapped the soprano parts round for the second half.
